With exact dimensions of 800x800mm, these tiles are ideal for large surfaces. They reduce grout lines and create a smooth, continuous look. This large format not only enhances the aesthetic appeal but also simplifies maintenance by minimizing the number of joints.

Sophistication in Every Shine

Our glossy collection is achieved through advanced glazing techniques. It provides a mirror-like finish that enhances light reflection, making spaces appear more open and vibrant. This finish also adds a layer of sophistication, perfect for contemporary interiors.

Smooth, Safe & Stunning:

The tiles' ultra-smooth surface contributes to their luxurious look and makes them easy to clean and maintain. The surface's low porosity prevents stains and moisture absorption. Despite their glossy finish, these tiles are engineered with a slip-resistant surface, meeting safety standards for both residential and commercial spaces. They're not just pretty, though – they're also tough and easy to clean, so you can enjoy their beauty for years to come.
